## Stops Falling Hair

Hall's Hair Renewer certainly stops falling hair. No doubt about it whatever. You will surely be satisfied.

William Hammerstein announces for next Monday the first appearance on any stage of The Machine of Lechuine, the Scottish laird who arrived in this country recently to try making his fortune in vaudeville.

## HERPICIDE IS THE "ORIGINAL DANDRUFF GERM DESTROYER"

Just because you happen to see or hear the statement somewhere that another preparation will kill the dandruff germ, stop falling hair and is just as good as Herpicide, don't be fooled and allow yourself to be swindled out of your money.

You want Newbro's Herpicide, the remedy that has been tried, has stood the test of time and now has similar preparations combined. An more satisfied users than all other attempt to sell you something else is merely another effort to profit from the good name established by the only "genuine dandruff germ destroyer."

Herpicide adds gloss and beauty

to the hair, keeps the scalp free from dandruff and prevents the hair from falling out. It stops itching of the scalp almost instantly.

It may be claimed that other hair remedies will do the same thing, but Herpicide really does them. Its years of success prove this.

Send 10c in postage or silver for sample and booklet to The Herpicide Co., Dept. R., Detroit, Mich.

Newbro's Herpicide is 50c and \$1.00 sizes sold by all dealers who guarantee it to do all that is claimed. If you are not satisfied your money will be refunded.

Application may be obtained at good barber shops.

## OLD KENTUCKY PAPER CONTAINS PROPHECY

The following is from a recent issue of the Kansas City Livestock Reporter:

"I might just state that this old business keeps an old timer guessing right now."

Judge J. L. Hamilton of Panhandle Texas made this statement in the presence of a number of men who were discussing the subject to which he referred. A native Texan, who has been engaged for 20 years, settling Texas Hamilton to a cattle station along this line. At the time he located up in the high ranchland district, 30 years ago, there were no fences. In those days it was not necessary to own land, or to even lease it. Later Judge Hamilton bought several thousand acres, and now his cattle roam over a tract of close to ten thousand acres.

But going back to the cattle station, the judge said, "and I must confess that I never expected to stay around here on this cattle home enough to see any such prices as those paid for cattle. I don't think time when feeding steers would and would more than pay the freight to market, and when a good four-year-old steer would bring in more than a real cow sells at now."

The Judge Hamilton turned the subject from cattle and the great changes in value of the various kinds of cattle to the raising of hogs.

"And there is where another great change comes in with us," he said. "Thirty years ago we raised no hogs at all, but today the cattleman who does not raise his food, or provide it, would be a curiosity. Katie corn leads in acreage, with milk mites, cane and other feed crops following. Coming down still later, and we discover the alfalfa craze. Already some are to be seen standing over the broad plains like sentinels. I have no doubt at all but what within a short time there will be very common everywhere over that country."

"The old cows receive marked attention now," Judge Hamilton added. "In early days if a lot of cowboys died off towards spring we paid no attention to it. But now the cow comes first, and is a very important creature. This spring a good calf crop will be realized. This is important, now that the demand for cattle is so great. We have had months of rains recently, which means good grass and that will boost the calves along. So everything looks rosy, and we are in fine spirits."

## WHEAT CONDITIONS IN NORTH PANHANDLE FINE

Representatives of the Agricultural Demonstration department of the Santa Fe system returning from the north, report that wheat conditions in all of that section between Amarillo and Hingham is good. The improvements since the rains are most marked, and many farmers express the belief that the yield even from an average basis will be equal, if not better than that of last year. When this fact is viewed in connection with the increased acreage, over last year, it is readily apparent that the tonnage will be little short of startling.

It is learned that there will be an appreciable increase in row-crop area, and that farmers throughout the district are breaking out virgin soil to add to their farms. These new tracts will measure variously from 240 to 1500 acres. To these larger tracts are to be added the breakings of the smaller farmer in numerous localities.

The farmers are optimistic and declare that the outlook for the numerous crops could scarcely be better, especially since the rains have been so generous.

A man living at Auburn, New York, had a severe attack of kidney and bladder trouble. Being a working man, not wanting to lose time, nor run up a heavy doctor's bill, he cured himself completely by using Foley's Kidney Pills. A year later he says: "It is a pleasure to report that the cure was permanent." He has had no return whatever of the pain, backache and burning. His name is J. A. Farmer, and he says: "Of course I recommend Foley's Kidney Pills as a very effective cure for kidney and bladder trouble." Randal Drug Co.

## THOUGHTLESS PATRONS ANNOY THEATRE-GOERS

The News is in receipt of the following communication:

Complaint has been repeatedly made to the managers of Amarillo's theaters by patrons whose entertainment was at least partially spoiled through the thoughtlessness of other patrons. Recently during the production of a classic and by lovers of music, highly appreciated selection at the hands of a performer of more than passing worth, on the violin, whispering and uttering was so pronounced as to almost totally destroy the number.

Disturbed patrons went to the management and asked for relief. The manager then told them of the delinquency of the task imposed, pointing out that in some instances young girls of excellent families were involved, thus adding to the possible embarrassment.

This hedged about, the situation narrows itself to the manly or womanly consideration of the rights of others in places of amusement—places where all alike, pay the price of admission and are equally entitled to receive the entertainment offered without being offended by the other.

All should realize that individuals should narrow their demands for exclusive or special privileges to their own homes, and not to attempt to extend them all over theaters and other places wherein public congregations for entertainment, amusement or education.

A little thought along this channel might be conducive to the suppression of that nuisance politely called by some "genteel rowdiness," but by others and more properly, impolite and coarse inconsideration for the comfort and feelings of others.

### A DISTURBED PATRON

The great calamity in Omaha was quickly overshadowed by the terribly disastrous floods in Ohio. Great suffering and sickness from colds and exposure resulted which Foley's Honey and Tar Compound helped to alleviate. L. Poole, 2217 California St., Omaha, writes: "My daughter had a severe cough and cold but Foley's Honey and Tar Compound knocked it out in no time. My wife would not keep house without it. We have used it for years, always with good results." Randal Drug Co.

### Real Financier.

Robbing Peter to pay Paul is an old expedient, but the ingenuity of a man in Washington improved even on that simple method. He stole his landlord's watch and then sold it to pay the rent. Such resourcefulness ought soon to put him in the frenzied-finance class.

### Real Estate Show in New York

NEW YORK, May 6.—Maps, models and movies illustrating the various developments and "ideal home" communities around Greater New York are on display in the Grand Central Palace, where the 1913 Real Estate Show was opened today for a week's engagement. A marvelous working model of the Panama Canal is one of the added attractions. An international character has been given the show this year by the addition to the list of exhibitors of several large real estate concerns from Toronto, Hamilton and other cities of Canada.

## SOCIALISTS ADOPT PROTEST RESOLUTION

At a regular meeting of the Social Local Amarillo No. 1817 the following resolutions of protest were adopted by unanimous vote, namely:

WHEREAS, there now exists a state of Military Rule in the mining region of West Virginia without adequate cause, the people being deprived of their Constitutional rights of the writ of habeas corpus, and trial by jury in statutory cases for statutory offense, but, in lieu thereof, forced to a mock trial by a Military court whose members declare in advance of such trial that they believe the accused to be guilty of the offense charged and;

WHEREAS, among the victims of said mock Military Court is one known all over this Nation as "Mother Jones," a woman over eighty years old, who has given the best years of her life pleading the cause of the working people of America; a woman of sublime patriotism, good learning, and pure heart; and

WHEREAS, said Mother Jones is now incarcerated in a prison known as the "Hell Pen," having been unjustly and without constitutional guarantee convicted of a crime by the aforesaid Mock Military Court; and

WHEREAS the advanced age and feebleness of the said Mother Jones makes it doubtful if she can survive such brutal Military Prison treatment longer than one or two months; therefore we protest most earnestly against the treatment given to said Mother Jones and fellow working people in the Military Zone of West Virginia; and demand of the Executive and of the Congress of the United States that the constitutional and Civil Rights of the working people of West Virginia be restored. And further to assist them in every necessary way to obtain their constitutional and statutory rights, even should that necessitate the shedding of blood.

BE IT FURTHER RESOLVED, that a copy of these resolutions be sent to the Congressman from this district and he be earnestly implored to use his influence as congressman to secure investigation as to the conditions now prevailing in said Military Zone of West Virginia and demand for the working people the constitutional and civil rights guaranteed by the constitution of these United States of America.
